

HARDING FOREIGN POLICY PRAISED

Hughes Expresses Confidence G. O. P. Nominee Would Get "Acceptable Tribunal."

MARION, O., Aug. 25.—Confidence that Senator Harding would bring about establishment of an acceptable international tribunal was expressed in a statement made public here today by Charles Evans Hughes, 1916 Republican presidential candidate, who came to Marion yesterday to talk over campaign issues with the senator and his advisers.

"We can not afford to have a Tammanyized federal government," the statement said. "The nomination of Gov. Cox was brought about by the skillful and determined effort of local Democratic bosses who represent the most harmful influence in our political life. There is one sure way to defeat their effort to capture the government at Washington and that is to beat their candidate."

I believe also that Senator Harding's election will afford the surest way of securing our proper relation to international co-operation. This country must do its part, but it must reserve the right to act in any future contingency according to its duty as that contingency reveals it. The essentials in any really effective plan for international co-operation are to establish a tribunal of international justice where justifiable questions are concerned, to provide the machinery of conciliation and secure the advantages of international conference. All this can be secured, and I believe will be secured under the presidency of Mr. Harding without guarantee which attempt to commit us in unknown contingencies and which will serve as trouble breeders and not as peace-makers."

"I am fully convinced, as a result of my conversation with Senator Harding that under his leadership we shall have our foreign relations conducted in accordance with our best traditions and America's duty to the world will be discharged without ignoring her duty to herself."

BUCK THOMAS TO BE GIVEN HEARING

Buck Thomas, locomotive fireman, was to be given a preliminary hearing in the city court Wednesday afternoon on a charge of shooting with intent to kill and carrying a dangerous weapon. According to the police, Thomas became enraged when a girl, with whom he was infatuated, refused to marry him. They were on the street at the time of the girl's refusal and she fled to 1808 Humboldt street, where it is said she is boarding, and was followed by Thomas.

H. A. Gardner, proprietor of the place where the girl lives, interferred and it is alleged that Thomas attempted to shoot him, but received a blow on the head from Gardner, that resulted in his being overpowered and taken to the General hospital for emergency treatment. Thomas says that he will claim self-defense when brought up for trial Wednesday.

Johnson To Probe Telegraph Petition

A careful investigation of the statements set out in the petition of the American District Telegraph company presented to the city commission Tuesday will be made by Horace Johnson, commissioner of public utilities, and his recommendation will be made to the city commission. The company is seeking to secure relief from its 20-year contract with the city by having its rates increased. C. M. Bryan, attorney representing the petition to the commissioners and stated that during last year the company operated at a loss of \$2,000, and that so far this year they had operated at a loss of approximately \$1,500 per month; that because of that situation of affairs it was unable to secure additional funds and that the old contract was made at a time when prices were extremely low and were out of line with present costs of operation. The A. D. T. maintains a system of alarms and signal boxes for the purpose of furnishing private fire alarms and automatic sprinkler service.

FIRST BALE OF COTTON RECEIVED AT YAZOO CITY

YAZOO CITY, Miss., Aug. 25. (Sp.)—Judson Turner, negro tenant on Como plantation, eight miles west of Yazoo City, brought in Yazoo county's first bale of cotton Tuesday. This cotton was ginned at the Producers Cotton Oil company's gin Wednesday, when it was classed and graded. Turner also brought in the first bale last year, the date being Aug. 25, one day later than this year. Cotton is now opening rapidly, and will begin to move steadily from now on.

ALLEGED DIP HELD.

Henry Ragland, alias Young, negro, was arrested Tuesday night and is being held in the city jail for investigation. It is alleged that Ragland is known to the police as a pickpocket and at the time of his arrest was wearing a diamond stud, valued at \$1,000, which is thought by the police to be stolen property.

THIEVES ROB STORE.

Thieves entered the store of W. B. Turner, 328 Beale avenue, Tuesday night, according to a report filed by the police, and escaped with 15 boxes of cigars, four sacks of flour, three hams, one box of smoking tobacco and a box of snuff. Entrance was gained through a rear door of the building.

WILL GIVE PICNIC.

Employees of the Layne & Bowler company will journey to Dale Springs park Saturday for the annual picnic. A program of contests, dancing and special features will be held during the day. A barbecue dinner with all the "trimmings" is on the calendar for the evening hour. It is expected that a large crowd will attend.

LOSES GUN AND CASH.

A pearl-handled revolver and \$5 in cash were taken from the home of R. C. Kay, 2166 Madison avenue, Tuesday night. The thieves gained entrance by scaling the lattice work around the porch and cutting a hole in the screen of the rear door.

BELL BOUND OVER.

Ollie Bell, negro boy, found by Mrs. C. F. McDonald, under a bed in her house several days ago, and who was arrested and has been held in the city jail, was bound over to the state Tuesday afternoon in city court, on a charge of house breaking and larceny.

SUSPECTS ARRESTED.

Two negroes, Ed and Richard Delaney, who, police think, are members of the south side holdup gang that has been operating extensively in that district for the past several weeks, were arrested Tuesday night by Barkdale police officers and charged with carrying pistols.

MARINES NOW TAUGHT TO HANDLE MERCHANT SHIPS

For the first time in history the "soldiers of the sea" and the sailors of commerce have something in common. This is the gist of an announcement made at the U. S. marine corps recruiting station, Main street and Court avenue, when it was learned that courses in coastwise and deep-sea navigation have been established at the Marine Corps Institute. A report received from the institute explains how any young man enlisting in the marines can take up a free course of study which will prepare him to perform the duties of a deck officer in the merchant marine. It is particularly desired, continues the report, that as many young men as possible be enlisted to take this course, as the expansion of our sea trade has created a large demand for trained navigators. The instructors, it was said, are all sea-going men, capable of preparing marines to take up the highly paid profession of the merchantmen when they leave the corps.

THIEF GETS \$30.

Rheumatism

A Remarkable Home Treatment Given By One Who Had It.

In the spring of 1913 I was attacked by muscular and inflammatory Rheumatism. I suffered as only those who have it know, for over three years. I tried remedies after remedy, and doctor after doctor, but only temporary relief was given. I have given it to a number who were terribly afflicted and even of them, with rheumatism, some of them, 70 to 80 years old, and results were the same as in my own case.

I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it, it has proven itself to be that long-looked-for means of getting rid of your rheumatism, you may send the price of it, one dollar, but understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when relief is thus offered you free? Don't delay. Write today.
